- PMI Agile Certified Practitioner (PMI-ACP), Project Management Institute
- Certified ScrumMaster (CSM), Scrum Alliance
- Scaled Agile Framework (SAFe) — Optimize SAFe ARTs
- Six Sigma Black Belt
- Certified Peer Reviewer Course, Elsevier Researcher Academy — 10/26

PROFESSIONAL EXPERIENCE

Marriott International — Bethesda, Maryland

Flex Senior Manager / Senior Scrum Master / Release Train Engineer, Seasonal 09/24 – 06/26

- Directed 2 SAFe Agile implementations as Release Train Engineer, facilitating Agile Release Train ceremonies and multi-day PI planning events across data technology programs
- Executed end-to-end IT data and cloud analytics platform projects on time and within budget, overseeing project budgets up to $10M
- Managed the GCC-based artificial intelligence transition into the new organization while leading the Hotel Operations Data Platform and Snowflake programs

Johnson & Johnson — Bridgewater, New Jersey

Project Manager / Senior Scrum Master, Quality and Compliance (Contractor) 01/22 – 08/24

- Led the $25M PharmSphere R&D data lake program, delivering $12.5M per year in portfolio management efficiency gains and about $0.4M in savings per batch
- Facilitated Agile squad planning and sprint execution in Jira, shipping releases v16 through v19 across 11 sprints in a single fiscal cycle
- Built GxP data infrastructure for capture, aggregation, and visualization of multi-source regulated data (BIOVIA, Cloudera, OSIsoft PI, Werum PAS-X)

Verizon — Atlanta (Alpharetta), Georgia

Project Manager, Commercial R&D Fleet Dashcam (Contingent) 04/21 – 11/21

- Led a dedicated Scrum team through chartering, roadmapping, and iteration planning, delivering next-generation video camera and ADAS features on schedule under change control
- Implemented DocuSign-based PDF invoice generation for Verizon customers in Australia and New Zealand (ANZ)

- Communicated status to leadership and flagged risks early, resolving high-impact system issues across complex programs

Pfizer — Groton, Connecticut

Project Manager, Global Product Development Project Portfolio Management (Contractor) 02/20 – 08/20

- Led cloud and data initiatives (Amazon Web Services S3, Redshift, Dataiku, Tableau) that automated Excel and Business Objects workflows and re-architected portfolio analytics
- Directed 6-month to 3-year programs with budgets of $50K to $1M and teams of 5 to 30+, managing risk-based SDLC delivery under FDA, GxP, GAMP, and privacy requirements

Verizon — Piscataway, New Jersey

Project Manager, Compliance / Technical Business Analyst (Contingent) 12/19 – 07/20

- Directed business-to-business product portfolios with monthly budgets of $0.5M to $1M and teams of 10 to 50 across public safety IT systems
- Coordinated with compliance, vendor, legal, and testing teams on user acceptance testing and weekly and monthly release cycles

Johnson & Johnson — Bridgewater, New Jersey

Compliance Analyst, Computer System Validation (Contractor) 03/16 – 11/19

- Performed Computer System Validation and software quality assurance audits (50 hours) across patient safety systems, including pharmacovigilance (PRISM/ArisG), MES, and LIMS
- Validated systems against FDA guidelines and 21 CFR Part 11 electronic records/electronic signatures requirements, enforcing NIST compliance controls
- Managed $0.5M to $6M annual IT budgets and cross-functional teams of 10 to 50, overseeing statements of work and SDLC validation with business, IT, and vendor leadership

CYIENT Inc — Hyderabad, India

Assistant Manager, Business Excellence 01/14 – 02/16

- Directed the Business Excellence function, maintaining the Quality Management System across ISO 9001, ISO 27001 (ISMS), and TL 9000, leading continual improvement programs built on Six Sigma
- Conducted 100 hours of internal quality audits and delivered 100 hours of employee training on ISO 9000, ISMS, CMMI, and Six Sigma tools; supported SCAMPI A appraisals

Medha Servo Drives Ltd — Hyderabad, India

Project Coordinator, Quality / Internal Business Analyst 01/08 – 01/11

- Served as internal auditor for ISO 9001, IRIS, and CMMI, completing 500 hours of internal quality audits across engineering and manufacturing teams
- Led the quality effort that secured SEI CMMI Level 3 accreditation for safety-critical railway programs, enforcing DFMEA, PFMEA, SIL, and THR risk analyses

Fusion Tech — Hyderabad, India

Process Engineer / Internal Systems Business Analyst, Quality Management Systems 06/04 – 12/07

- Led Quality Management System deployment for 20+ client organizations, from initial gap analysis through external certification
- Served as internal auditor on ISO 9000, ISMS, and CMMI (100 hours of internal quality audits); authored and peer-reviewed SDLC artifacts, including requirements, test plans, and traceability matrices
