SENIOR LEADER – GLOBAL INITIATIVES
PROJECT MANAGER | SCRUM MASTER | AGILE COACH
Internal Business Analyst | QMS | SDLC — Enterprise AI & Digital Transformation
SAFe Release Train Engineer (RTE) | Six Sigma Black Belt

PROFESSIONAL SUMMARY

Program Manager, Agile Scrum Master, and SAFe Release Train Engineer with 20+ years leading global digital transformation delivery across pharmaceutical, healthcare, and telecom programs in the United States and India. Led Johnson & Johnson's $25M PharmSphere R&D data lake program and directed global teams of up to 150+ across portfolios up to $100M. PMP, PMI-ACP, and Certified ScrumMaster with two SAFe implementations at Marriott and 700 hours of internal quality audits. MBA in Global Business adds regulated-delivery depth in GxP and FDA 21 CFR Part 11 for audit-heavy, traceability-driven environments.

PHARMACEUTICAL & LIFE SCIENCES DOMAIN EXPERTISE

- **Lifelong pharmaceutical industry experience**, from school and college days to today, through a family-owned pharmaceutical wholesale distribution business (25+ years): distribution operations, inventory and supply chain, C&F (Carrying & Forwarding) operations; architected a custom AppSheet-based sales application automating C&F distribution
- **Johnson & Johnson (2022–2024)**: Program Manager / Senior Scrum Master for PharmSphere, a $25M R&D cyber infrastructure and GxP data lake program enabling scientists to capture, aggregate, and visualize multi-source regulated data
- **Johnson & Johnson (2016–2019)**: Computer System Validation (CSV) and compliance for patient safety, pharmacovigilance (PRISM / ArisG), MES, LIMS, and medical device regulatory information systems under FDA, GxP, GAMP 5, ISO 13485, and EU MDR
- **Pfizer (2020)**: Project Manager, Global Product Development Project Portfolio Management (GPD PPM) — R&D, PharmSci, clinical and hospital business programs under FDA / GxP compliance

TECHNICAL SKILLS

AGILE & DELIVERY: SAFe (Agile Release Train, PI Planning, WSJF, RTE), Scrum, Kanban, Scrum of Scrums, XP, Agile Coaching, Agile Transformation, Sprint Planning, Daily Standups, Backlog Management, Backlog Refinement, Retrospectives, Definition of Done (DoD) / Definition of Ready

(DoR), Servant Leadership, Impediment Removal, Release Management, Waterfall, Jira, Confluence, Rally, LeanKit, Smartsheet, Microsoft Project (MS Project), Trello, TFS, Clarity

Program & PMO Leadership: Technical Program Management, PMO Leadership, Portfolio Management, Program Governance, Program Delivery, Delivery Management, Service Delivery, Global Delivery, Product Roadmapping, OKRs, KPIs, Budget Management, Financial Forecasting, Resource Management, People Management, Project Lifecycle, Risk Management (RAID), Stakeholder Management, Vendor Management, Change Management

Pharmaceutical & Life Sciences: PharmSphere Data Lake, Pharmaceutical Wholesale Distribution, C&F Distribution Operations, Pharmacovigilance (ArisG), MES (Werum PAS-X), LIMS, Computer System Validation (CSV), GxP (GMP, GCP), GAMP 5, FDA 21 CFR Part 11, ISO 13485, ISO 14971, EU MDR, DQ/IQ/OQ/PQ Validation, CAPA, TrackWise, HP ALM, Veeva Vault

Quality & Process Excellence: Six Sigma Black Belt, Lean, Continuous Improvement, Continual Improvement, Process Improvement, CMMI (SCAMPI A Appraisal Support), QMS Deployment (ISO 9001 / ISO 9000 Family), ISO 27001 / ISMS, IRIS, ITIL, ITSM, TL 9000, Internal Quality Audits (700 hours), CSV / SQA Audits (50 hours), Employee Training on ISO 9000 / ISMS / CMMI / Six Sigma (300 hours), FMEA, Root Cause Analysis, Defect Prevention, Commitment Assessment

Data & Technology: Data Analytics, Data Lake Architecture, Snowflake, Cloudera, AWS (S3, Redshift), Microsoft Azure, Dataiku, Tableau, Power BI, Qlik, R Shiny, OSIsoft PI, BIOVIA, ServiceNow, New Relic, Dynatrace, Python, SQL

Education

Doctor of Business Administration (DBA) Candidate — Dissertation Stage | National Louis University | Tampa, FL — **Expected April 2028**

GPA: 3.67

Dissertation: Storytelling Narrative-Savvy Leadership and follower partnership attributing to business value via Gen AI Organizational Transformations

Master of Business Administration, Global Business | Coventry University | London, UK — **Jan 2011 – May 2012**

Thesis: Business simulation: mobile phone life cycle — research design, new product development, marketing, and sales

Bachelor of Technology, Electronics and Communication Engineering | Jawaharlal Nehru Technological University | Hyderabad, India — **Jun 2000 – May 2004**

Project: Access-based control systems using access cards and microprocessors

Professional Experience

Marriott International — Bethesda, MD

Flex Senior Manager / Senior Scrum Master / Release Train Engineer (RTE) — Seasonal Sep 2024 – Jun 2026

- **Directed 2 SAFe agile implementation projects**; facilitated Agile Release Train ceremonies, PI planning, and multi-day program events across data technology workstreams
- **Executed end-to-end IT data projects and cloud-based data/analytics platforms**, delivered on time and within budget; oversaw project budgets up to $10M+ and forecast program financials
- **Managed the GCC-based** AI transition into the new organization while leading the existing program; oversaw Hotel Operations Data Platform and Snowflake CoCo data warehouse modernization with RLS-based access controls and operational readiness
- **Served as the escalation point for technical and operational issues**; coordinated across Business, Technology Product, Shared Platforms, Security, and Infrastructure teams; tracked delivery commitments through Jira/Confluence dashboards (STR, ARA, FIAT enterprise reporting)

Johnson & Johnson — Bridgewater, NJ

Project Manager / Senior Scrum Master – Quality & Compliance (PharmSphere) — Contractor **Jan 2022 – Aug 2024**

- **Led the $25M PharmSphere R&D cyber infrastructure and data lake program**, delivering $12.5M/year in PPM efficiency gains and about $0.4M per batch per year in operational value
- **Facilitated Agile squad planning**, sprint execution, and backlog management in Jira/Roadmunk; shipped releases v16–v19 across 11 sprints in a single fiscal year; directed the Cloudera-to-Snowflake PharmSphere migration (Phase 2)
- **Built GxP data infrastructure enabling scientists to capture**, aggregate, and visualize multi-source data using BIOVIA, Cloudera, OSIsoft PI, Werum PAS-X, Tableau, and R Shiny
- **Translated OKRs into themes**, epics, and features; facilitated quarterly business reviews and executive steering committee reporting; led Train-the-Trainer sessions for aspiring Scrum Masters

Verizon — Atlanta (Alpharetta), GA

Project Manager – Commercial R&D Fleet Dashcam — Contingent **Apr 2021 – Nov 2021**

- **Served as the go-to technical resource across complex programs**; delivered on schedule and followed change control procedures
- **Led a dedicated Scrum team**: chartering, roadmapping, backlog refinement, iteration planning, and retrospectives; delivered next-generation video camera (ADAS) functionality and CPRA/CCPA privacy implementations
- **Communicated regular status updates to leadership and flagged risks early**; evaluated products technically and resolved high-impact system issues

Pfizer — Groton, CT

Project Manager – Global Product Development, Project Portfolio Management (GPD PPM) — Contractor **Feb 2020 – Aug 2020**

- **Led cloud and data initiatives (AWS S3**, Redshift, Python, Dataiku, Tableau) that automated Excel/Business Objects workflows and re-architected PPM analytics across R&D, PharmSci, DSRD, clinical, and hospital business units; applied Pugh Matrix evaluations to align enterprise architecture with business goals
- **Redesigned SharePoint Online with Power Automate**, MuleSoft APIs, and Planisware to streamline pre-clinical study cost estimates, scenario modeling, and strategic funding allocations
- **Directed 6-month to 3-year programs ($50K–$1M budgets**, 5–30+ onshore/offshore team members); managed risk-based SDLC under FDA, GxP, GAMP, PII, and NIST standards, including validation plans, disaster recovery, business continuity, and ISRM audits

Verizon — Piscataway, NJ

Project Manager Compliance | Agile Team Facilitator (Dojo) | Technical Business Analyst — Contingent **Dec 2019 – Jul 2020**

- **Directed B2B product/application** portfolios with monthly budgets of $0.5M–$1M and teams of 10–50 across public safety IT systems (Mission Critical PTT/PTT+, mobile device enrollment and protection)
- **Facilitated Agile Dojo 6–8 week MVP/MMP product cycles**; led standups, sprint planning, demos, and retrospectives; managed Jira dashboards (burndown/burnup, velocity, cycle/lead time, DoR/DoD)
- **Monitored application performance with New Relic and Kibana**; coordinated with compliance, vendor, legal, and testing teams on UAT and weekly/monthly release deployments; ensured Section 508 IT accessibility compliance

Johnson & Johnson — Bridgewater, NJ

Compliance Analyst – Computer System Validation (CSV), Patient Safety IT Systems — Contractor **Mar 2016 – Nov 2019**

- **Rotational client liaison**: assigned to develop, stabilize, and support QMS as a business analyst
- **Performed Computer System Validation (CSV) and software quality assurance (SQA) audits** — 50 hours of CSV/SQA audit work — across patient safety IT systems, verifying user stories and validation protocols against FDA 21 CFR Part 11, ISO 13485, EU MDR, and GAMP 5 (DQ/IQ/OQ/PQ)
- **Validated systems against** FDA guidelines and 21 CFR Part 11 ERES (electronic records / electronic signatures) requirements, and enforced NIST compliance controls across patient safety IT systems
- **Managed $0.5M–$6M annual IT budgets and cross-functional teams of 10–50**; oversaw SOWs, COTS, and SDLC validation with leadership, business, IT, vendors, and procurement
- **Directed Agile Release Trains (ARTs)**, Program Increments (PI), WSJF prioritization, and continuous delivery pipelines; mentored teams on SAFe, Scrum, XP, DevOps, and Kanban

- **Key GxP programs**: Global Medical Devices Regulatory Information Management (Appian SaaS), MES/LIMS/CMC (SIMCA, Werum), Pharmacovigilance Drug Safety (PRISM, ArisG), eQMS performance dashboards (CAPA, non-conformances, complaints, adverse events), FDA CMS Medicare/Medicaid e-reporting, and Gross-to-Net automation
- **Administered Jira**, Confluence, HP ALM, Jenkins, TrackWise, and LeanKit for requirements, test management, build quality, and reporting velocity to executives

CYIENT Inc — Hyderabad, India

Assistant Manager – Business Excellence (via Softential / IHS / OSS Telecom–Accruent) — Full-Time **Jan 2014 – Feb 2016**

- **Directed the Business Excellence function**: maintained the QMS across ISO 9001, ISO 27001 (ISMS), and TL 9000, leading continual improvement programs built on Six Sigma frameworks and tools across IT service management and assurance engagements (110-person organization; 35+ projects; teams of 5–55)
- **Conducted 100 hours** of internal quality audits (IQA) and delivered 100 hours of employee training on ISO 9000, ISMS, CMMI, and Six Sigma tools; led SCAMPI A appraisal support and commitment assessments alongside CMMI initiatives; managed $2M monthly accounts covering capacity planning, budgeting, and risk mitigation
- **Coached teams on Agile/Scrum**, facilitated ceremonies, and managed delivery tracking in Jira, Confluence, ServiceNow, and HP PPM

Medha Servo Drives Ltd — Hyderabad, India

Project Coordinator – Quality / Internal Business Analyst **Jan 2008 – Jan 2011**

- **Served as internal business analyst**, tailoring eQMS processes to the needs of each project and product line; led the quality effort that secured SEI CMMI Level 3 accreditation and coordinated SCAMPI A/B/C appraisals
- **Served as internal auditor for ISO 9001**, IRIS, and CMMI — 500 hours of internal quality audits (IQA) across engineering, manufacturing, and technology transfer teams; delivered 100 hours of employee training on ISO 9000, ISMS, CMMI, and Six Sigma tools; deployed the QMS across all departments and trained engineering teams on CMMI, Six Sigma, Lean, and continual improvement
- **Managed $10M annual** budgeted revenue COTS/GOTS programs (50+ team members) for safety-critical railway systems, enforcing DFMEA, PFMEA, SIL, and THR risk analyses in compliance with CENELEC standards alongside ISO 9001/27001, IRIS, and RAMS; managed CAPA and non-conformance reporting

Fusion Tech — Hyderabad, India

Process Engineer / Internal Systems Business Analyst – QMS **Jun 2004 – Dec 2007**

- **Served as internal systems business analyst for QMS**: led Quality Management System deployment for 20+ clients, from initial gap analysis through external certification; designed process hierarchies, work instructions, templates, and guidelines

- **Built paper-based and eQMS systems and trained client teams on QMS rollout**, supporting ISO 9000 family (ISO 9001) certifications; delivered 100 hours of employee training on ISO 9000, ISMS, CMMI, and Six Sigma tools
- **Served as internal auditor on ISO 9000**, ISMS, and CMMI — 100 hours of internal quality audits (IQA); supported SCAMPI A/B/C appraisals; conducted FMEA-based risk assessments that drove CAPA and non-conformance resolution; built metrics frameworks for continual process improvement and defect prevention
- **Authored and peer-reviewed SDLC lifecycle artifacts and deliverables** — requirements specifications, design documents, test plans, and traceability matrices — maintained as living online documentation kept current with each release, mapped to ISO 9001, ISO 27001, and CMMI process areas

Licensure and Certification

Project Management Professional (PMP)

PMI Agile Certified Practitioner (PMI-ACP)

Certified ScrumMaster (CSM)

Scaled Agile Framework (SAFe) — Optimize SAFe ARTs

Six Sigma Black Belt
